My dear fellow Classmates:
The organizing Committee is hard at work making sure this reunion is the best ever, befitting of the endurance we all felt as graduating seniors in the summer of '69. Ah, the memories come flooding back as our celebration of 50 years rapidly approaches...
Here is a time sensitive update of our 50th Reunion planning activities.
• The website, the handwork of Marty McHabe, is a work of art in itself - check it out by going to @GA1969.com to get started with your own participation in bringing the past and the present together in 2019 for the sheer fun of it.
• We are so pleased and excited with all the submissions to the website so far and look forward to seeing even more - so please fill out your profiles, add lots of photos, etc. letting your classmates know what you have been doing since we graduated. I have chatted with many of you and hope you will share your stories, photos and updates - I was personally anchored and I am sure your classmates will be too. The committee has insisted that I include mine so that you all get a full sense of what we are looking for. Direct any website connection questions or issues to Marty @professor@ga1969.com

- **June 15th is also the deadline for donations to be in hand at GA - June 15th is the end of the school's fiscal year - it is important that we make the effort to get out donations into the school by that time.** Here is the link: <https://www.germantownacademy.org/donations/1969giving> for online donations and this letter will also include an attachment with a donation card for those of you who wish to write a check - again please get them in by the 50th of June.
- The Committee has considered the various options for our donations to the school and after serious examination of the options we have identified two areas where our donated funds would be put to best use - listed below. These two options offer us an opportunity to be truly impactful while underscoring our class's 50th mentality for making this a better world.

GA Annual Fund
The Annual Fund consists of unrestricted contributions from members across the community (alumni, parents, faculty and friends) that support GA in meeting our mission and balancing the operating budget. Annual Fund gifts, in all amounts, combine to make an immediate impact providing faculty and student with necessary curricular resources while offering extracurricular opportunities including athletics, arts, student support services and classroom technology. In recent years, our class has boasted the highest class participation (among classes with more than 60 members) which is an accomplishment we are very proud of!
